- Comment afficher un overlay (guide) sur ZEvent/Place?
 - Ceci nécessite une extension et un browser-script
 - Sécurité : dédiez un navigateur secondaire uniquement pour ça
 - Exemple : Twitch+dons sur Chrome ; ZEvent/Place sur Firefox
 - Installer l'extension TamperMonkey via le gestionnaire d'extensions

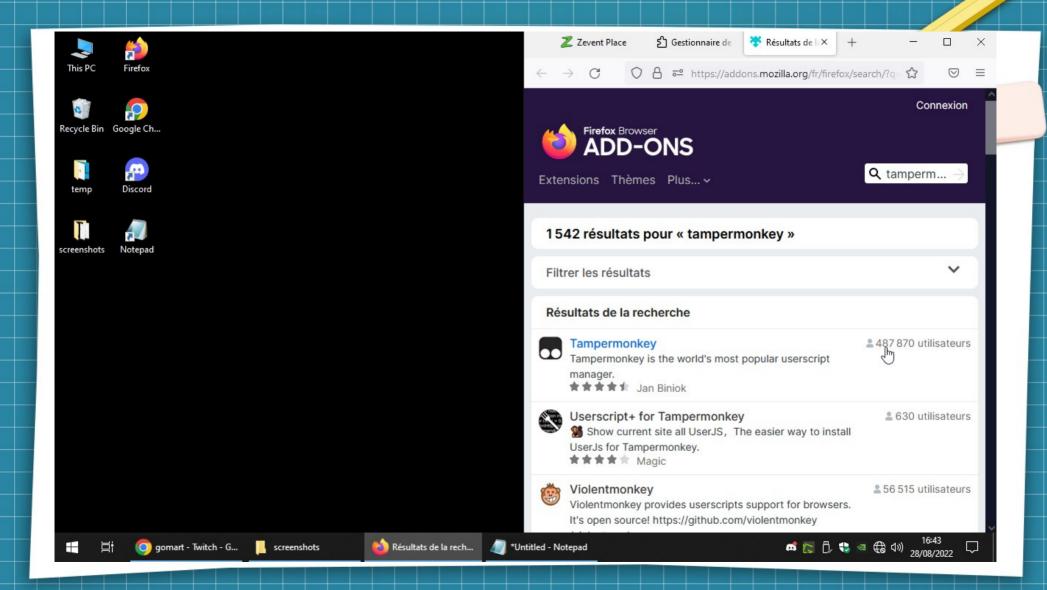

- How to display an overlay on ZEvent/Place?
 - It takes a web-browser add-on and scripts (called browser-script)
 - Security: dedicate a secondary browser only for this
 - Example : Twitch+donations on Chrome, ZEvent/Place on Firefox
 - Install TamperMonkey extension using Add-ons manager

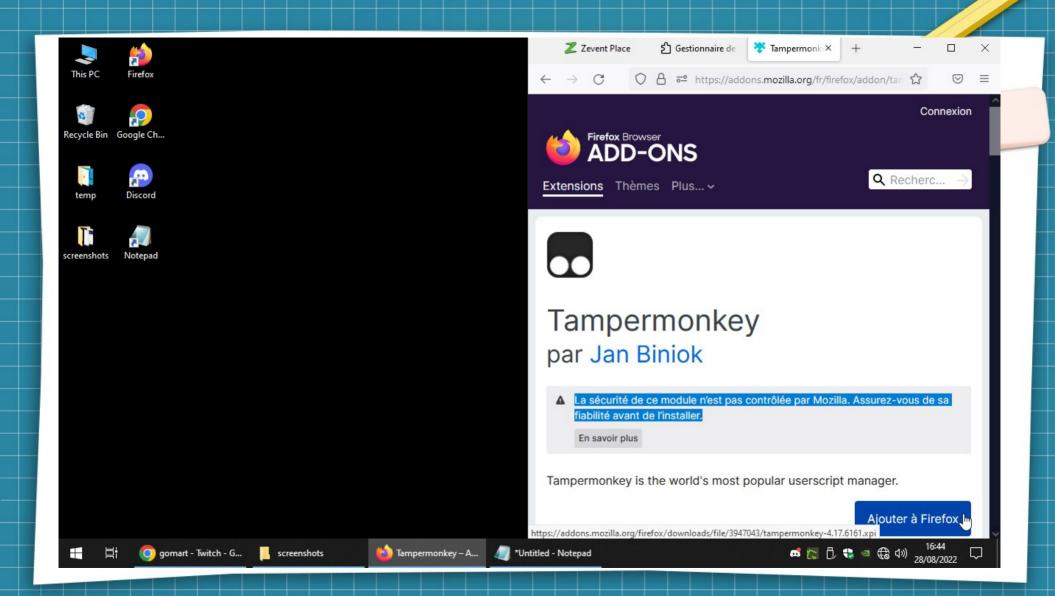

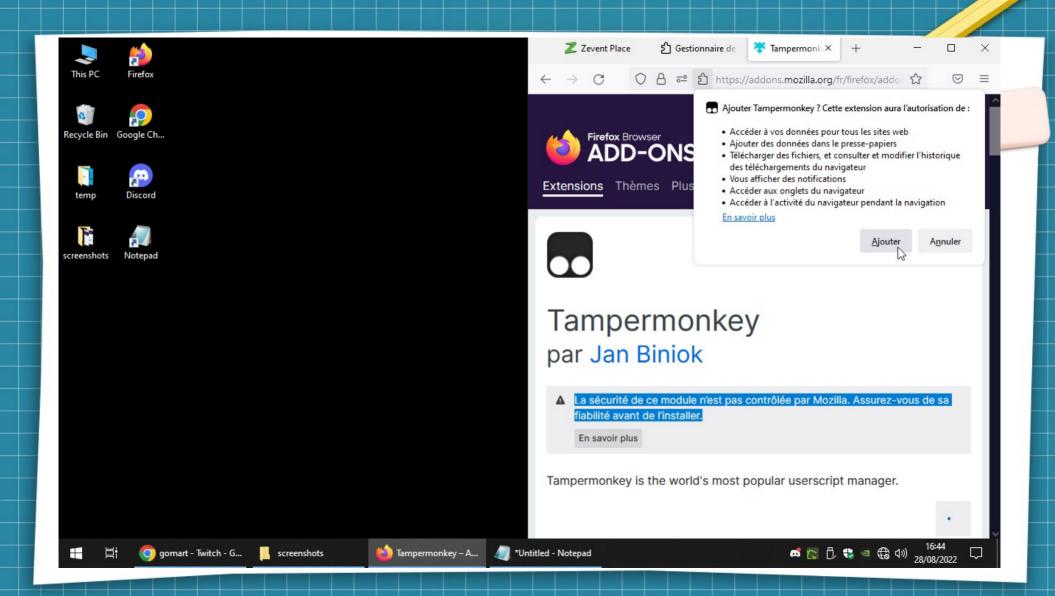

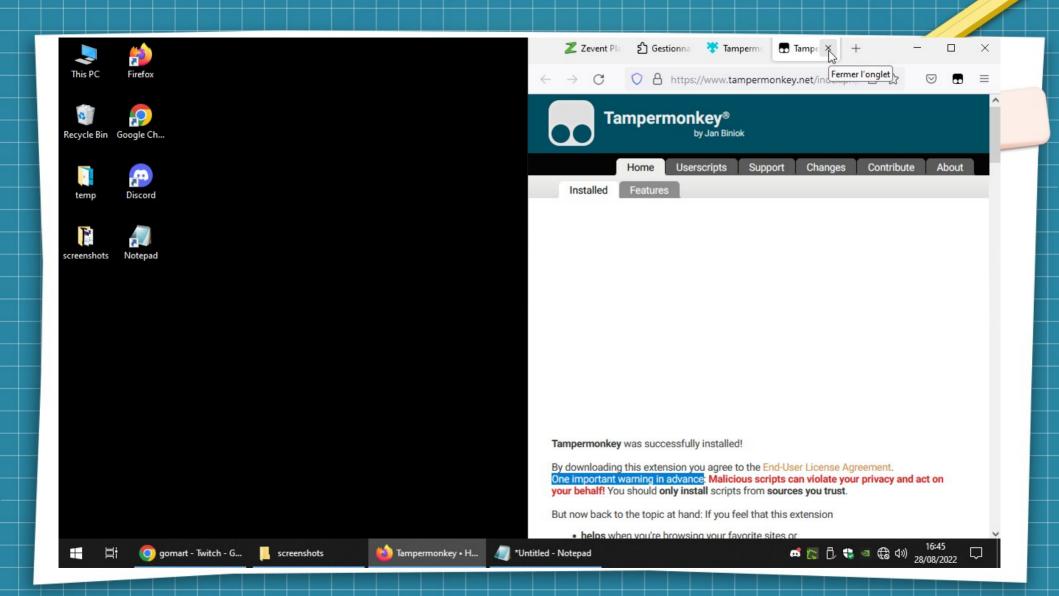

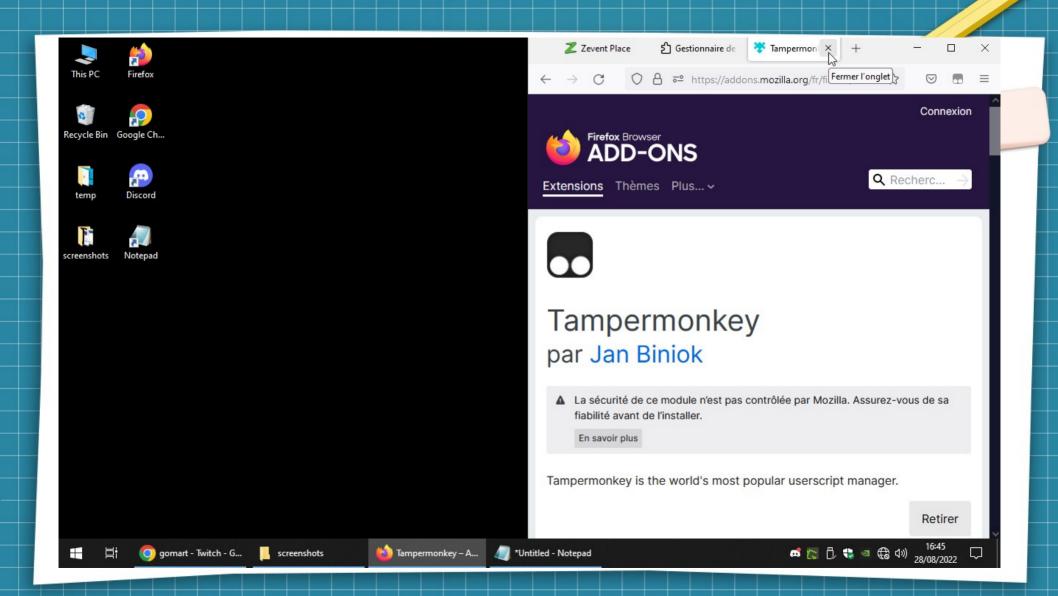

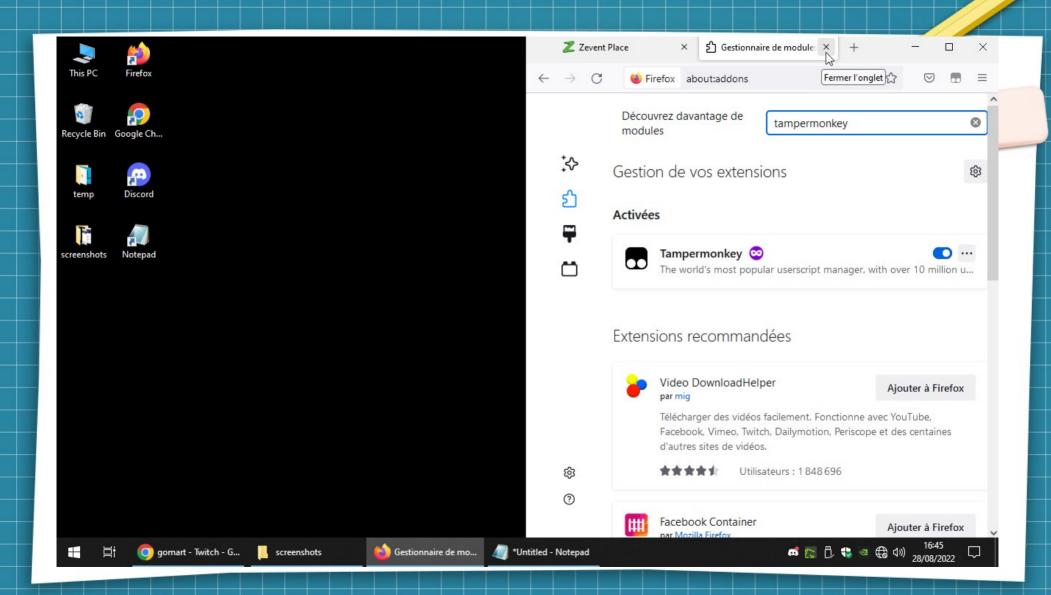

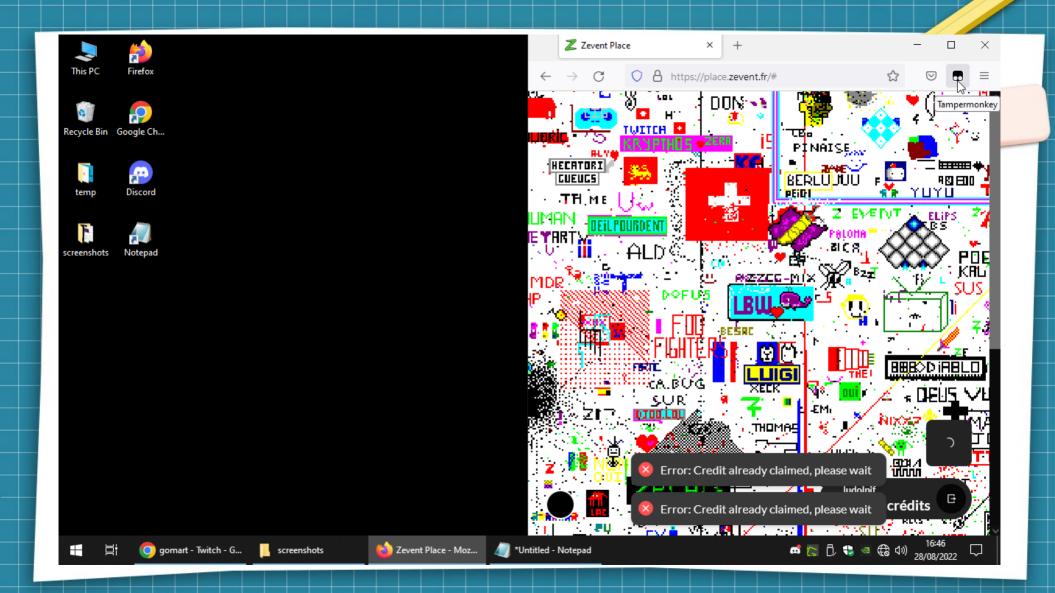

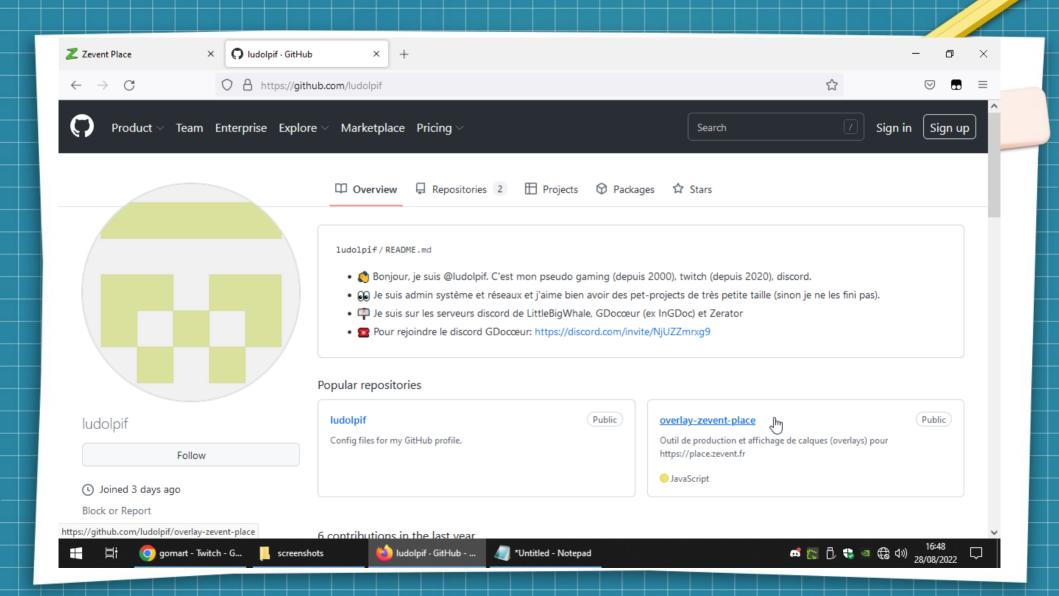

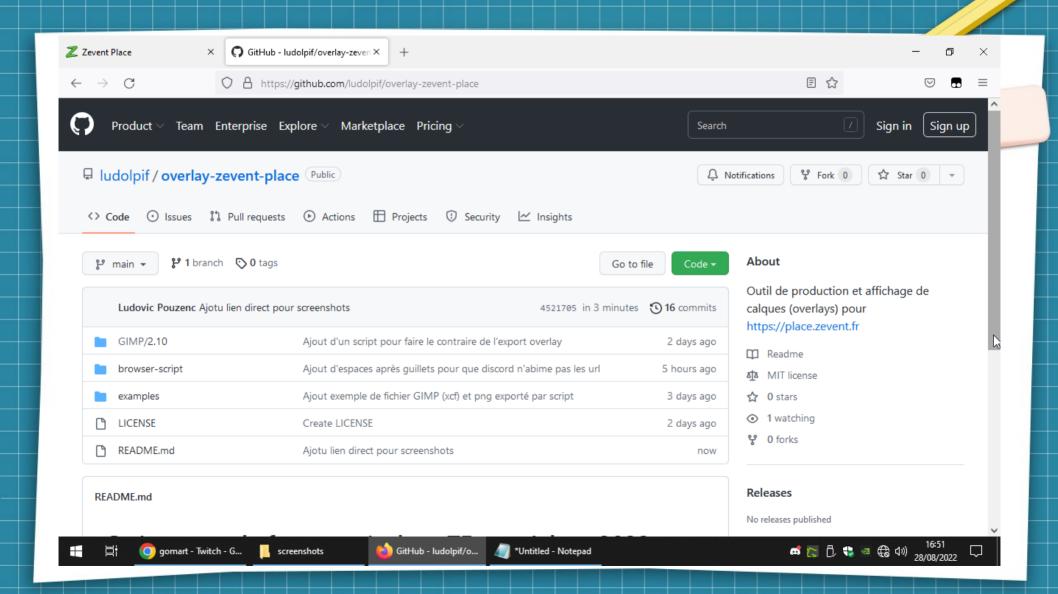

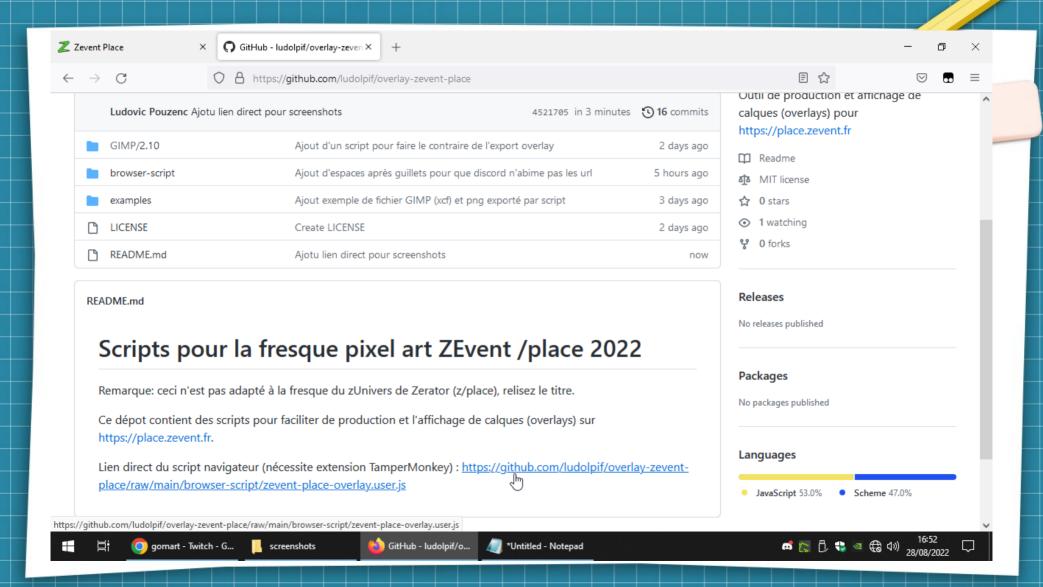

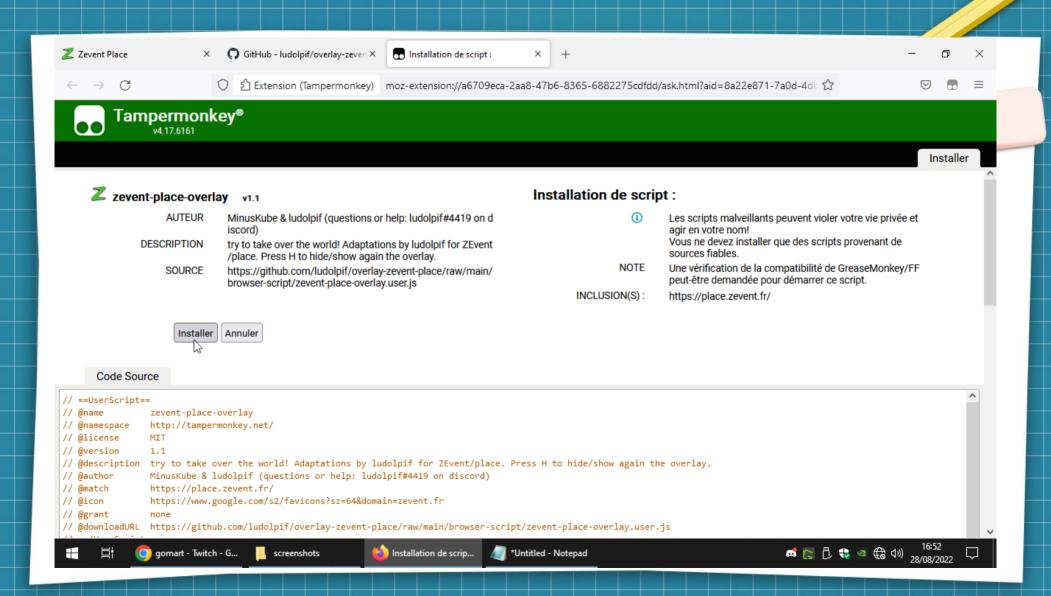

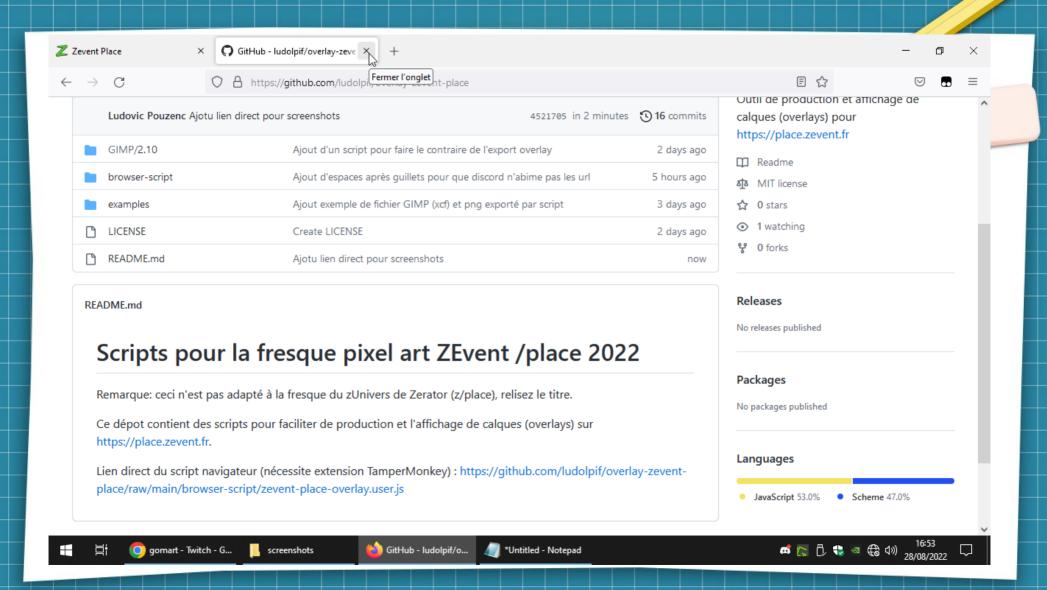

- Installation et essai du browser-script
 - TamperMonkey doit être installé avant
 - Mon script : https://github.com/ludolpif/ (puis overlay-zevent-place)
 - Lien direct: https://github.com/ludolpif/overlay-zevent-place/raw/main/browser-script/zevent-place-overlay.user.js
 - Cliquer sur le bouton « Installer » dans TamperMonkey
 - Retour au ZEvent/Place, recharger la page (Ctrl+R)
 - Zoomez, un overlay d'exemple apparaît
- Browser script install and test
 - TamperMonkey must be installed before
 - My script : https://github.com/ludolpif/ (puis overlay-zevent-place)
 - Direct link: https://github.com/ludolpif/overlay-zevent-place/raw/main/browser-script/zevent-place-overlay.user.js
 - Press "Install" button in TamperMonkey
 - Go back to ZEvent/Place, reload the page (Ctrl+R)
 - Zoom, then an example overlay shows up

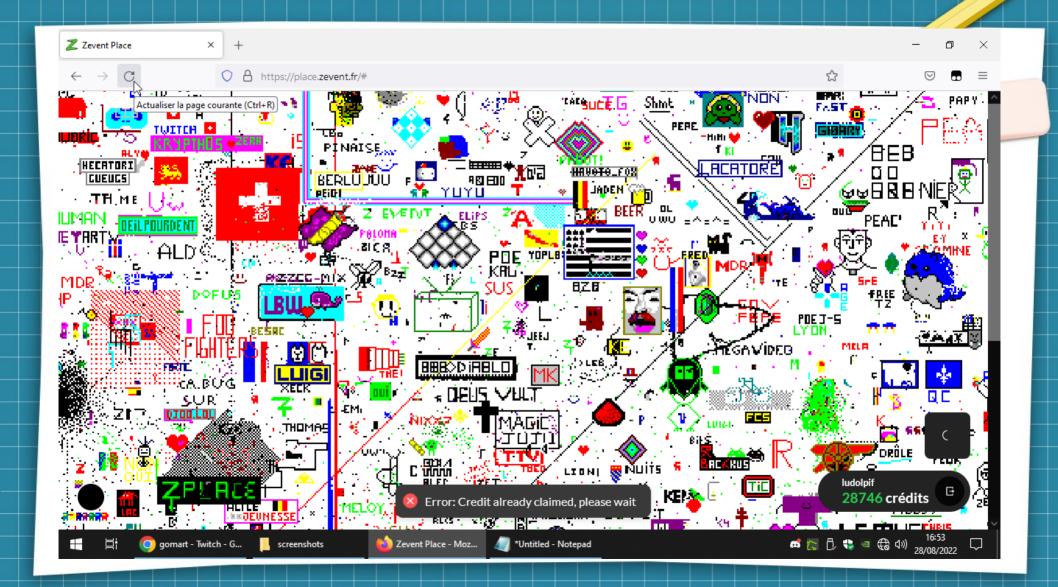

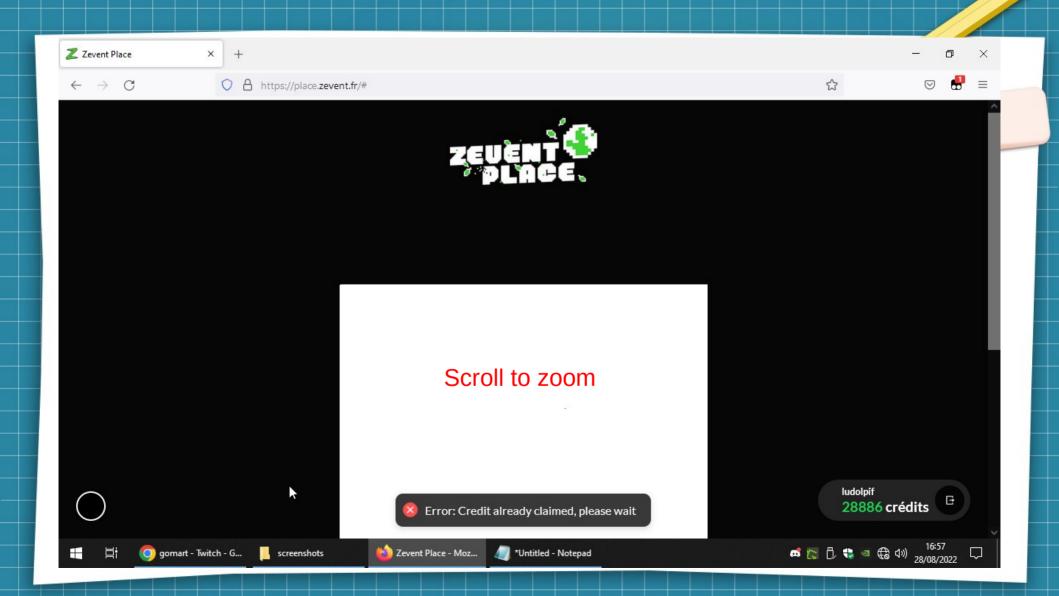

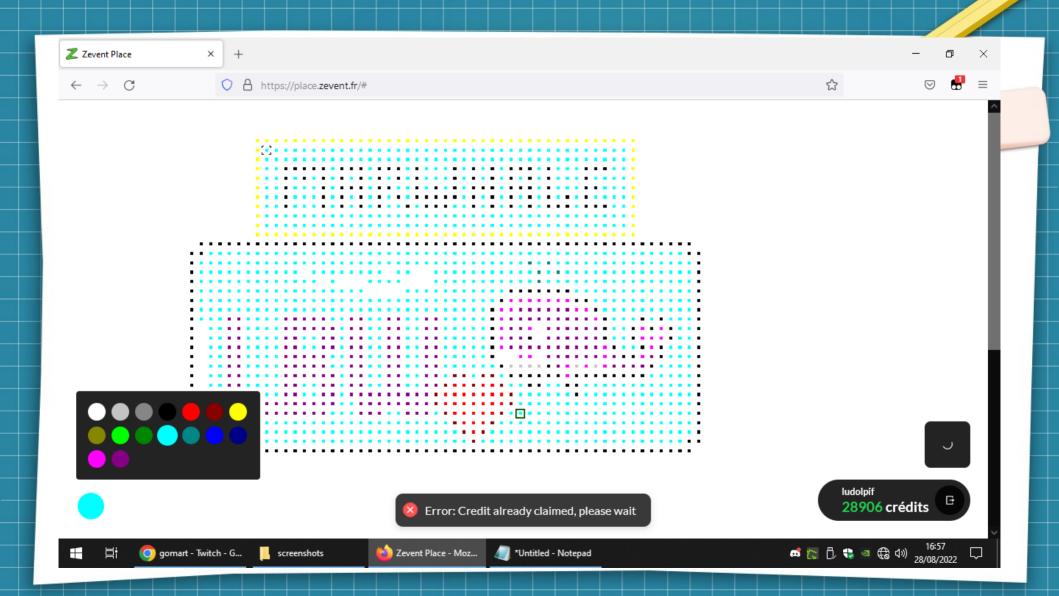

- Comment l'utiliser
 - La touche H masque / fait apparaître l'overlay
 - Une liste d'overlay disponible sur Discord « Commu ZEvent/Place »
 - Lien pour rejoindre le Discord : https://discord.gg/SbqEHZ47
 - Organisez-vous à plusieurs là-bas et sur les Discord de vos streamers
- How to use the script
 - Press H key to hide / show again the overlay
 - A list of overlays is available on the "Comm Zevent/Place" Discord
 - Link to join : https://discord.gg/SbqEHZ47
 - Organize with others there and on streamers' Discord
